THE INDIANA HOMELAND SECURITY
FOUNDATION TO THE GENERAL
ASSEMBLY**

Indiana Homeland Security Foundation

The Indiana Homeland Security Foundation, formerly known as the Emergency Management, Fire and Building Services, and Public Safety Training Foundation promotes first responder safety in Indiana through the sale of the Secure Indiana license plate. Sales of the license plate began January 3, 2000. In 2005, the Foundation was renamed to the Indiana Homeland Security Foundation.

Grant awards made by the Foundation continue to increase. The Foundation made the policy change of capping an award at \$4,000 to ensure more local communities are receiving the benefit of this program.

Strategic Future of the Indiana Homeland Security Foundation

The Indiana Homeland Security Foundation goal is to align the mission of the Foundation funds with the Indiana Homeland Security Strategy, while maintaining the importance of local communities receiving the funds for their most important needs.

The primary reason people purchase the Secure Indiana plate is to fund local communities.

Indiana Homeland Security Foundation

The Secure Indiana License Plate was created during the 1999 legislative session. The plate went on sale January 3, 2000 and the revenue from the plate sales went directly to the Indiana Homeland Security Foundation to fund public safety grants.

- Incorporating the strategic goals of the Department of Homeland Security with the award of the grants led the Foundation to change the name of the license plate from "Hoosier Safety" to "Secure Indiana" in January 2005.

Indiana Homeland Security Foundation

For FY 2017 the available budget was \$106,499.94. The Foundation committee has taken measures to ensure the continued funding of the grant. The grant approvals were based on a number of variables including the completeness and quality of the request, the size, type and financial resources of the requesting agency, and the agency's access to other grant funding programs.

Competitive Application Process

The Foundation has outlined 3 funding priorities:

- Priority 1 – Life saving
- Priority 2 – Day to day operational
- Priority 3 – Improve existing capabilities

Application Process

Using a competitive process ensures:

- 1) Public safety organizations go through a similar process that the state must go through to obtain homeland security dollars;
- 2) Cohesiveness at the district level;
- 3) Provision of financial resources that will empower the district to work together;
- 4) Capabilities building that is directly tied to US and Indiana homeland security strategic goals with milestones, budgets, and metrics to ensure money is spent wisely and project managers are held accountable.

Foundation Scholarship Program

Indiana relies on a robust and passionate first responder volunteer force in collaboration with government and private entities to provide for a Secure Indiana.

Mindful of the future, the Indiana Department of Homeland Security has a strategic interest in building up the state's volunteer force by encouraging Indiana's youth and adults to volunteer for public safety organizations and rewarding those efforts.

Eligibility

This is a competitive scholarship program for which eligible recipients:

- 1) maintain a minimum GPA
- 2) receive a recommendation from the public safety organization for which he or she volunteered

Full-time students were eligible for \$2,000 while part-time students were eligible for \$1,000. These funds are made possible by the sale of the Secure Indiana license plate.
